## **Comparison of clinical effectiveness and compliance with Transanal irrigation treatment: Neurogenic vs. Functional Bowel Disorders**

J. Yiu, M. Pesce, J. Storrie, A. Emmanuel, N. Zarate

*"A retrospective review of selected NBD and FBD patients referred for TAI treatment at University College Hospital between 2013-2017 was carried out. Co-morbidities, medications and patients experience with TAI were evaluated. Clinical impact was assessed using the neurogenic bowel dysfunction score (NBDS). Intra-group comparison pre-TAI and post-TAI were performed."*
